

- Flexible conductor
- Fibreglass braid impregnated with resin
- Fibreglass braid
- Tin plated copper braid

FEATURES

- Temperature range of the materials of isolation from - 25 C° to + 250 C°
- Behaviour in presence of flame no flame propagating-self extinguishing
- Impermeability sufficient resistance to water
- Colouring of cable completely coloured
- Product characteristics this impregnation makes mechanically more solid and hard fibreglass braids

Nominal section	Stranding	Round type outer diameter	Flat type outer diameter	Round and flat type
2 x 0,22	8 x 0,20	3,25 ± 0,2	3,05 x 2,00 ± 0,2	J K W T S R B B²
2 x 0,35	11 x 0,20	3,50 ± 0,2	3,45 x 2,25 ± 0,2	
2 x 0,50	6 x 0,32 o 16 x 0,20	3,80 ± 0,2	3,65 x 2,35 ± 0,2	
2 x 0,80	10 x 0,32	4,00 ± 0,2	4,10 x 2,75 ± 0,2	
2 x 1,00	12 x 0,32	4,15 ± 0,2	4,15 x 2,85 ± 0,2
